## SELECTMEN AND OVERSEER'S REPORT.

The selectmen and overseer of the poor wish to make a short report in the case of Albert Houghton, an insane pauper of Clarendon. By acts of the last Legislature nearly all of the then existing laws in regard to the support of the poor by towns were repealed and new laws enacted

in their place. Also the laws for the support of insane paupers by towns was wholly repealed, and acts for their support by the State were enacted. Under those acts by the advice of the town's counsel (Warren H. Smith of Rutland) the overseer notified the selectmen of Houghton's condition, and they, as required by law, had an examination by two physicians who pronounced him insane and a fit subject for treatment at the Insane Asylum, to which place he was ordered removed by the Probate Court of Rutland County. There is a board of Supervisors of Insane for the State whose duty it is to visit the Insane Asylum at least once a month, and they may in their discretion after investigation discharge "idiots," *non compos*, and other "incurable" persons. They discharged Houghton and notified the overseer, who, under the advice of aforesaid counsel brought Houghton back to Clarendon. The counsel for the town and ex-Judge Prout are firmly of the opinion that the State must support Houghton, as the law is imperative that the State shall support such insane paupers.

There is a section of law that says the Supervisors shall have the general supervision of the insane of the State not in confinement, so far as concerns their physical and mental condition, their care, management and medical treatment, and also of those who are discharged from such asylum or place of confinement by their authority.

If the State Auditor should refuse to draw an order on the State Treasury for the expense of supporting Houghton it will be necessary to bring suit against him before the Supreme Court to show cause why he should not issue such order.

Thus far all proceedings have been done under the advice and direction of the town's counsel.

Clarendon, Feb. 10, 1887.

E. L. HOLDEN,  
BARNEY RILEY,  
NOAH S. WALKER, } Selectmen.

H. K. WHITE, Overseer of the Poor.

The selectmen learn that several lots in the West Clarendon and East Clarendon cemeteries have been taken, used and not paid for.

E. L. HOLDEN,  
BARNEY RILEY,  
NOAH S. WALKER, } Selectmen.

In looking after the wants of the poor the past year, I have endeavored to do the best I could. There have been three or four deaths; also as many new cases added to the list of poor.

Old Mr. and Mrs. Albee made quite an additional expense, as I was obliged to hire a woman to be with them all the time, as they were old and feeble, Mr. Albee being in his 94th year and Mrs. Albee in her 90th. The wood bill was necessarily large, as the house was old and cold. Mr. Albee has since died, and Mrs. Albee has gone to Middlebury to be taken care of by her daughter.

There has been some expense made in moving Houghton to Brattleboro, which I think the State will pay, also for his support in future.

H. K. WHITE, Overseer of Poor.
